SPEEDCUT® PRO

THE ULTIMATE DESCALING MACHINE

SpeedCut® is the ultimate high-speed, pipe cleaning descaler. Our 75ft, 10mm SpeedShaft® cable combined with our clutch-less, 0-3200 RPM DC, brushless motor is ideal for removing hard scale deposits, roots, liners and blockages.

Effortlessly switch between a variety of attachments: chain knockers, reinstatement heads, epoxy brushes or add a 25ft, 35ft, or 50ft cable extension. Change attachments in seconds with our SpeedConnector. Our patented SpeedCut® Pro also features the first built-in oiler for easy maintenance. SpeedCut® is designed and built in the USA.
